## One young monster, a whole island of adventure

### Fast Sell:

A young boy discovers he's not entirely human and heads to Monster Island to discover his true identity, in this fabulous new animated family adventure that fans of Monsters Inc and Despicable Me will adore.

### Key Talent:

Fiona Hardingham (The Duff)  
Roger L. Jackson (Khumba: A Zebra's Tale)  
Katie Leigh (Despicable Me)  
Billy Frolick (writer Madagascar, The Jungle Book)  
Jose C. Garcia de Letona (producer Top Cat Begins)

### Synopsis:

When young Lucas finds out he's not really a human; the news changes his whole world. Especially since his first monster transformation happened in front of the most popular kids at school! After unreasonably blaming his dad for keeping his identity a secret, the angry and embarrassed Lucas runs away from home.

His search for Monster Island and his real roots takes him on a fabulously scary journey that puts him face-to-face with more tentacles, fangs and far-out situations than he can shake one of his new wings at. Ultimately Lucas learns that being a freak, isn't freaky - it means you're a member of a brand new type of family, you can proudly call your own.

### We Like It Because:

The summer fun has just begun this July on Monster Island, a fantastic new animated feature from the producer of Top Cat Begins, and the writer of box office hits Madagascar and The Jungle Book, and featuring voice talent from Despicable Me and Khumba: A Zebra's Tale.

The debut feature from the talented, award-winning animator Leopoldo Aguilar, *Monster Island* is what every family film should be - laugh out loud funny, thrilling, and occasionally a tiny bit frightening. Packed with witty one-liners, marvellously memorable characters, all manner of extraordinary beasties (including the strangest police duo you've ever seen), and an extremely hissable villain, this is a holiday treat that is monstrously enjoyable for kids and adults alike.

Strikingly designed and bursting with colour and imagination, fans of *Monsters Inc*, *Despicable Me* and *The Incredibles* won't want to miss this: so book your tickets now for the trip of the summer - to *Monster Island* - you'll love every minute!
