Synopsis:

Having been betrayed and left for dead on a sun-scorched planet, Riddick must fight for his survival against deadly alien predators that exist in this barren land. After activating an emergency beacon Riddick soon finds himself battling teams of mercenaries from around the galaxy who are determined to bring him home as their bounty. But Riddick plans to seek his retribution and return to his planet at all costs.

We like it because:

Vin Diesel's modern day action icon triumphantly returns delivering out of this world set pieces, monstrous fun and one the best on screen kills in movie history. With a fantastic supporting cast including Katee Sackhoff and WWE superstar Dave Bautista, Riddick is once again a force to be reckoned with.
