Fast Sell:

The Critically acclaimed The Walking Dead Season Four broke records when it was released earlier this year. As well as getting exciting insight into returning characters, fans were treated to a host of new faces, more shocks and a story that saw the show reach new heights of intrigue and drama.

Synopsis:

In the aftermath of the war with the Governor, we see Rick and the group of survivors fostering a thriving community in the safe haven of the prison. Sadly, in this brutal world, happiness is short-lived and walkers are no match for greater dangers brewing inside the fences. The group's home and new way of life will be thoroughly tested, and they will find themselves prepared to do whatever it takes to survive.

We Like it because:

The Walking Dead Season Four has everything; drama, great characters, outstanding visual effects, plot twists, edge of your seat action and some of the most shocking moments to appear on the small screen in years. Never afraid to break the rules of TV, the show has gone from strength to strength with every season and for us is one of the best TV series of all time.
