Leo Fafard (I Heart Regina)

Sarah Lind (The Assassination of Jesse James; True Justice)

Jonathan Cherry (Final Destination 2; Goon)

Jesse Moss (Tucker & Dale vs. Evil; Final Destination 3)

Synopsis:

It’s not unusual for alcoholic cop Lou Garou to black out and wake up in unfamiliar surroundings, but lately things have taken a strange turn. Crime scenes seem oddly familiar. Lou’s senses are heightened, and when the full moon is out, he’s a rage-fueled werewolf. “Wolfcop” is one cop’s quest to become a better man... One transformation at a time.

We like it because:

Wolfcop has its claws firmly rooted in the kind of b-movie mayhem we've longed for since "Hobo With A Shotgun"! Littered with glorious old school prosthetics, including the greatest and most eye-wateringly painful werewolf transformation scene we've ever witnessed (guys, you have been warned), the cheesiest sex scene this side of the '80s, a smothering of tongue in furry cheek humour throughout and a killer retro soundtrack to get you pumped, Wolfcop is definitely worthy of the hype!
