Fast Lane 2015

On DVD & Blu-Ray from Monday 4th May 2015

Fast sell:

The WWE Superstars hit top speed as they race along the road to WrestleMania. Last stop is the brand new pay-per-view, Fastlane. Roman Reigns attempts to prove himself to the WWE Universe against Daniel Bryan, with the winner going on to face WWE World Champion Brock Lesnar at WrestleMania.

Meanwhile, John Cena tries to topple the monstrous Rusev, and Triple H finally comes face-to-face with WCW legend Sting!

We like it because:

WWE's first ever Fastlane pay-per-view event went off with a bang – delivering top in-ring action, cool segments, and important twists in the WWE Superstars' journey to WrestleMania 31.

Along with the epic showdown between fan favourites Daniel Bryan and Roman Reigns, the hard-hitting brawl between John Cena and Rusev and tag team championship match are amongst WWE's most exciting match-ups in 2015 so far – a reminder than even without the glitz and celebrity glamour of WrestleMania, WWE always puts on a quality show and delivers between the ropes.

Most exciting of all though, was the arrival of WCW franchise player Sting, who answered Triple H's call for a long-awaited confrontation that's been 14 years in the making!
