We like it because:

The Rock might be known as the “People’s Champion”, but Daniel Bryan is truly the “People’s Choice”. Even before arriving in WWE, Bryan’s in-ring skills had already made him a much-loved and respected performer – one that fans wanted to see become a huge Superstar in WWE. And as this DVD collection proves, they got their wish!

That’s what makes this documentary so brilliant and fascinating – Bryan’s is a true underdog story, from grafting his way through the indies to joining WWE and eventually headlining WrestleMania XXX.

Not only that, but the action is superb. Bryan is one sports-entertainment’s top talents, and his matches speak for themselves. No matter who he’s in the ring with, the leader of the Yes Movement delivers A+ matches every single time – whether we’re talking about his exciting bouts with John Cena, hilarious tag team matches with Kane, or bitter rivalry with The Authority!

In a word – YES!
