One Piece Collection 10

On DVD from Monday 15th June 2015

Fast sell:

A new setting, a new adventure! It's a crisis for Luffy and his now not so merry men, as – horrors – they're told their ship is no longer seaworthy! With shocking rifts in the crew, trusted allies jumping ship, a new enemy who's a cyborg strongman, and an angry city calling for their heads, can the hapless Hats ever catch a break?

Key talent:

Production Studio, Toei (Dragon Ball Z, Yu-Gi-Oh, Fist of the North Star, Sailor Moon)

Original manga, Eiichiro Oda

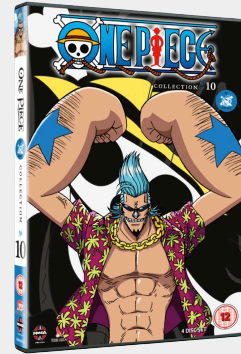

Character Design, Noboru Koizumi

We like it because:

There's a brand-new fun setting – a city that's a water park – to keep us entertained, even while the crew is put mercilessly through the wringer! There are unthinkable catastrophes for Luffy and co, a powerful new enemy (Franky) and dramatic developments to change the whole course of One Piece.

Hot Quotes:

'Collection 10 features gorgeous animation that is in many ways even better than what came before with a clean vibrancy to the now widescreen art style. It's like the whole universe of the show has opened up and is even larger now than it was before.' – DVD Talk
