**We like it because:**

It's been a year since one of WWE's greatest ever factions, The Shield, was destroyed at the hand of its architect, Seth Rollins. Now, Rollins is the WWE Champion and his grievances with former teammates Roman Reigns and Dean Ambrose have never fully put to rest. And what better way for Reigns and Ambrose to get their payback than to have a shot at his coveted title?

Throw 'The Viper' Randy Orton into the mix and you have one of the hottest matches of the year, packed with hard-hitting action and tons of fan-pleasing moments!

There's also sublime tag team action as The New Day defend their titles against the hottest new team in WWE, Cesaro and Tyson Kidd, while John Cena and Rusev finally settle the score in the final chapter of their epic feud – needless to say, it's as dramatic and brutal as anything you've seen go down inside the ring (and outside, for that matter).

As WWE's top Superstars found out, Payback's a... well, let's just say it's one of year's hottest events!
