Synopsis:

Minor god Yato is down on his luck. Fed up with his slacker lifestyle, his partner abruptly quits. He has no money, no worshippers, and no shrine to call home. But just when things are starting to seem hopeless, a bus accident forces him to cross paths with Hiyori Iki, a sweet and perky high school girl. After the accident, Hiyori's soul has a bad habit of slipping out of her body, and after enlisting Yato's help to get her back to normal, she begins to fall into the world of spirits and gods. But Hiyori's not the only one who's keeping tabs on Yato. A god from Yato's past is back, and he's not interested in a friendly reunion.

We like it because:

Colourful and beautiful, Noragami promises to take you on an exciting adventure. If you enjoyed the wackiness of Soul Eater and the demon slaying madness of Blue Exorcist, then this is one for you!

Hot Quotes:

The characters are loveable, the plot elements are solid, and the darker turns it takes later in the series catches you by surprise and holds your attention to the end. - Otaku Spirit

Noragami does so much right it's very hard to find anything to really fault the show for. - IGN

If you are looking for a fun adventure with a colourful and memorable cast of characters in an engrossing modern-day fantasy setting, Noragami is well worth a watch. - Kotaku
