We like it because:

The Undertaker's WrestleMania undefeated streak is arguably the greatest feat in the WWE history – and what better way to take home a piece of history than in this Limited Edition Boxset?

This collection brings together some of greatest matches not only in Undertaker's career, but to ever take place inside a wrestling ring – standout matches include his epic bouts with Shawn Michaels, Triple H, and CM Punk – plus his jaw-dropping defeat at the hands of the “Beast Incarnate” Brock Lesnar! And it's great to see these classic matches unedited for the first time on WWE DVD!

You can also chart the evolution of The Deadman, from his beginnings in the days of Hulkamania, through his transformation in the Attitude Era and journey to becoming the legendary Phenom he is today!

Missing out on this limited set would be a grave mistake!
