Synopsis:

They all think Hell is done with them, but little do they know that it's just warming up. Santanico and Richie are living like Bonnie and Clyde in Houston, murdering anyone who gets in their way, while Sheriff Gonzalez has retreated to protect his wife and child. Meanwhile, south of the border, Seth and Kate are barely surviving as small-time criminals. As they find themselves drawn back together again, this time facing off against an even bigger threat.

We like it because:

All right vampire killers... let's kill some more f★@^ing vampires!

Whilst Season One brought us back into the twisted world of the Gecko Brothers, all bets are off for Season Two! This raucous new chapter of the much-loved supernatural crime saga expands the story from Mexico and takes us to the edgy, tricked out Texas of Robert Rodriguez.

It's incredible to have fan-favourite Danny Trejo back too. Trejo excels as new villain The Regulator - bringing a much welcome darkly comical tone. He is such a brilliant character actor and is without a doubt a staple of the franchise. Welcome back Trejo!

With Season Three already underway, this DVD is an essential, explosive part of the franchises' growth and a must-own for any horror or action fan!
